Social Work Doctors' Colloquium (SWDC)
8th Annual Award of Merit Celebration Dinner

Guests of Honour: Johnny Bower, Wendel Clark, Mark Napier, Mike Pelyk,
Recipients of the 2011 Social Work Doctors' Colloquium Award of Merit

Each year, the Social Work Doctors' Colloquium holds a dinner to honour the contributions of an outstanding individual often outside the field of social work who, through their personal and professional endeavours, exemplify the values of the social work profession.

Past SWDC Award of Merit recipients include:

The Right Honourable Paul Martin; Dr. Lorna Marsden, former President of York University and Wilfrid Laurier University; The Honourable David C. Onley, Lieutenant Governor of Ontario; Jean Béliveau; Margaret Trudeau; The Honourable James Bartleman, former Lieutenant Governor of Ontario; Dr. Eric Jackman, former Chancellor at the University of Windsor and founder of the Psychology Foundation of Canada; David Crane, Editor at the Toronto Star; and Judy Finlay, former Child Advocate for Ontario.

We hope that you will come out to support the SWDC to honour the outstanding charitable work of well-loved NHL hockey players who have made advocating for Alzheimer's disease a part of their lives. For the first time, the Colloquium is working in partnership with other organizations who are offering their support, the Alzheimer Society of Canada and Baycrest Hospital, to hold this exciting event. This dinner is organized to raise awareness about this serious and growing problem through recognition of outstanding advocacy by Johnny Bower, Wendel Clark, Mark Napier and Mike Pelyk.

Johnny Bower is a legendary Hall of Fame Maple Leaf goaltender; Wendel Clark is a former Captain of the Toronto Maple Leafs; Mark Napier won Stanley Cups with the Montreal Canadiens and the Edmonton Oilers; and Mike Pelyk is an alumnus of the Toronto Maple Leafs. We are pleased that former NHL hockey player, Kraig Nienhuis, who is also a musician, has agreed to launch a beautiful and touching piece that he has composed about the disease.

We hope you are able to share in this unique and what promises to be a memorable evening.
