## WINE LIST: 2017 V.1

### Introduction to the Wine List

*On behalf of the Wine Committee I am delighted to introduce to you the University Club of Toronto's wine list.*

*May I begin by offering a warm welcome to our members and guests to the delights of the University Club's wine cellar. There are many benefits to being a member of the club, and one of the distinct pleasures we suggest you take advantage of is the enjoyment of fine wines at unusually good – let's say unheard of – pricing.*

*We have adopted a wine pricing policy for the sale of wines in the bar and dining room which limits the mark up to a \$28 maximum. This provides an opportunity to sample some excellent wines that you may not have had an opportunity to purchase at home, with it being an affordable pleasure.*

*To give you an example of how this compares to local restaurants in Toronto, a bottle of Chateau Palmer 1982 sells in our dining room for \$280 while the price at three leading restaurants in Toronto with sizeable cellars: Restaurant #1: \$560; Restaurant #2: \$620; Restaurant #3 \$600.*

*We hope that you enjoy all the benefits the Club has to offer – a wonderful meal prepared by Chef Patrick Desmoulins accompanied by the best quality and value provided by our expansive cellar.*

*Santé!*

*Michael Haddad,  
Wine Chairman*

W109	Taittinger Brut Prestige Rose Champagne	NV	102.00
	<i>Blended from Pinot Noir and Pinot Meunier grapes, this is a succulently fruity, supple and aromatic Champagne with fine bubbles and a crisp, refreshing finish of extended length. Taittinger Cuvée Prestige Rosé is intense cherry-pink in color with extremely fine, persistent pinpoint bubbles rising in delicate strands to the surface of the wine. Its classic, aromatic Pinot fragrance of red raspberries and strawberries is offset by elegant, subtle floral and earth nuances. On the palate, the ripe, full berry flavors are vibrant yet refined, delicately balanced by a fresh acidity which carries into a crisp, refreshing finish of persistent length. Savagely tannic in its youth, the wine has softened and developed more charm and appeal. The wine exhibits a thick-looking, plum/purple/garnet-like color. A sensational nose of jammy black-cherries, earth, cedar, and herbs has become far more intense and striking. The wine displays sensational richness and power, but not quite the burly, monstrous size and hulking weight of the 1986 or 1982. Yet it reveals impressive stuffing and power. The low acidity emphasizes the thick, juicy, succulent fruit in this backward yet rich, chewy wine. This was the finest showing yet for the 1990 Gruaud Larose. This is a superb example of Bordeaux and particular St Julien at its very best. Really silky and creamy on the palate with a fabulously exotic, powerful, ripe and sweet black/red fruit core. Long finish and very classy indeed. Medium to full bodied with pure, rich blackcurrent flavours, liquorice and herbs. A very elegant wine, steering away from the massive, muscular styles provided by many other Chateaux in '96.</i>  | 1996 | 145.00 | * |
| R147 | Ch. Palmer (3ieme Cru Classé) (Margaux)<br><i>This wine, a blend of 55% Cabernet Sauvignon, 40% Merlot, and 5% Petit Verdot, is performing well after its July, 1998 bottling. It boasts an impressively saturated purple color, in addition to a backward yet intense nose of black plums, currants, licorice, and smoke. Following terrific fruit on the attack, the wine's structure and tannin take over. There is plenty of sweet fruit, and the tannin is well-integrated, but the wine requires 7-8 years of cellaring. This wine has a superb colour compared to the maturing wines tasted alongside; it has a dark core, a dense rim, with plenty of red pigment still. This is very impressive. The nose here is divine; it has a very typical profile for the vintage, full of iron and rust, but enticingly perfumed with violets. It kicks off very elegantly on the palate, and it has a wonderful texture, composed rather than showy. It has great style; the tannins and acidity show through and there is plenty of perfumed character as there is on the nose. There is structure and grip, and a fine persistence. This very superb wine, with its reserved character, will go for more than ten years yet. At its apogee this will be truly remarkable. 19+/20 (February 2008) The Wine Doctor – Chris Kissack</i>         | 1996 | 393.00 | * |

| R158 | Ch. Pavie (St. Emilion) Magnum<br><i>The inky/ruby/purple-colored 1999 exhibits a tight but promising nose of crushed stones, a liqueur of blackberries, cherries, and black currants, and subtle smoke and licorice in the background. Powerful, with impressive elegance, fine harmony among its elements, a multi-layered texture, it has a finish that lasts for 50+ seconds. There is considerable tannin, but it is well-integrated. Give it 3-4 years, and drink it over the next two decades. A profound effort for the vintage, it is an example of a perfectionist proprietor pushing the envelope of quality. "The 1999 Pavie is a candidate for "wine of the vintage". It boasts an opaque ruby/purple color in addition to gorgeous aromas of crushed minerals, smoke, licorice, cherry liqueur, and black currants. R205	Ch. De Lamarque Cru Bourgeois <i>Wine Advocate: "This is an excellent, seductive, lower level cru bourgeois with loads of blackberry and cherry fruit intermixed with a smoked herb component. Some spicy oak is also evident. The wine is medium-bodied, with good fruit, and balance."</i>	1999	60.00 *
R217	Ch. Cantemerle (Haut Medoc) <i>The Wine Advocate: "This fully mature, elegant 2000 tails off slightly in the finish. Notes of forest floor, bay leaf, licorice, red currants, and cranberries are offered in a Burgundian-like, fresh, vibrant format. The tannins have melted away in this medium-bodied, finesse-styled effort. Best drinking 2010-2018"</i>	2000	82.00 *
R224	Ch. Cambon la Pelouse (Haut Medoc) <i>The Wine Enthusiast: "The 2000, which has a slightly more saturated ruby/purple color than the 2001, is fleshier, with a more substantial mouthfeel. Exhibiting sumptuous fruit, ripe tannin and a seamless texture, this serious Haut-Medoc is equivalent to many classified growths."</i>  <i>Decanter, 4 out of 5: Classic cassis/cedar Medoc bouquet, quite dry and restrained. Fine fruit and good elegant wine, shows elegance, depth and finesse. Drink 2-10 years.</i>	2000	68.00 *
R220	Ch. Rauzan-Segla (Margaux) <b>Magnum 1.5 Ltr</b> <i>Score 90 Robert Parker: "The dark ruby/purple color is saturated and impressive. With coaxing, notes of lead pencil shavings, black currants, earth, cedar, and spice box emerge from a relatively closed, firm, medium to full-bodied wine or, as the French would say, a classic vin de garde (for long-term cellaring). There is no denying the classicism and purity of this 2000. Best drinking: 2010-2025."</i>	2000	495.00 *

R232	Ch. Rauzan-Segla (Margaux) <i>Robert Parker Score 88-91: "the 2003 exhibits an herbal, peppery, spicy nose, a dark plum/ruby color, good ripeness on the attack, a constrained, narrow mid-palate, and a moderately tannic finish. It is a wine of elegance, finesse, and medium body, with sweet notes of forest floor, spice box, red currants, and sweet herb-tinged red cherries. Manager John Kolasa told me the alcohol was an extremely high 13%, and that the 2005 is even higher at 13.5% Best drinking 2008-2023"</i>	2003	112.00 *
R203	Les Forts de Latour (Pauillac) <i>Score 92 Robert Parker: "The 2000 Les Forts de Latour is a seriously endowed wine with notes of black walnuts, black currants, crushed rock, tobacco and spice box. Full-bodied, luscious but still in need of another 2-3 years to hit full maturity, it certainly can evolve for another 15 or more years, and looks to be slightly richer and longer-lived than I originally predicted." Drink 2012-2027</i>	2000	180.00 *
R221	Ch. Gazin (Pomerol) <i>Score 92 Robert Parker: "A big, backward, full-bodied Pomerol, the 2000 Gazin appears to have added weight as well as structure. Still young, it exhibits beautiful notes of sandy, loamy soil intermixed with mulberries, black cherries, cedar, and licorice. Tightly wound, powerful, and rich, with noticeable oak, it needs another 3-5 years of bottle age, and should drink well for two decades. Best drinking 2010-2030"</i>	2000	135.00 *
R214	Ch. Figeac (St. Emilion) <i>Score 93 Robert Parker: "Figeac has become a more consistent wine over the last few years. A profound effort, the surprisingly full-bodied 2000 Figeac has an opaque purple color accompanied by a terrific bouquet of camphor, graphite, black currants, licorice, and smoked herbs. With well-balanced, powerful tannin, concentration, and pinpoint precision, finesse, and purity, this expressive as well as textured effort will drink well between 2004-2018. When Figeac hits on all cylinders, one can understand why some tasters believe it is as complex as Cheval Blanc. This is undeniably the estate's finest effort since 1996."</i>	2000	201.00 *
R97	Ch. La Conseillante (Pomerol)	2000	385.00 *

		Vintage	\$
	<i>Score 96 Robert Parker: the 2000 La Conseillante has a deep ruby/plum/purple color and an unbelievably expressive nose of sweet kirsch liqueur intermixed with raspberries, incense, toast, and licorice. Full-bodied yet ethereal in the sense that it seems to combine power along with eloquence and delicacy, this is a beautifully pure wine that has just hit its plateau of full maturity, although ideally I think it would benefit strongly from another 4-5 years of bottle age and drink well for two to three decades. (Jun 2010)</i>		
R98	<b>Ch. Mouton Rothschild (Pauillac)</b> <i>Score 96+ Robert Parker: "Perhaps the most beautiful packaging ever on a Bordeaux bottle, Baroness Philippine de Rothschild literally produced a work of art in the gold-engraved bottle of 2000 Mouton Rothschild. Of course, one can't drink the glass, but this is a top-flight Mouton Rothschild, eclipsed only by the 2006 and 2009. A rich, tannic, earthy style, with loads of creme de cassis and floral notes, the final blend of 86% Cabernet Sauvignon and 14% Merlot is a full-bodied wine with plenty of coffee, earth, chocolatey notes, and still plenty of tannin to resolve. I gave it an anticipated maturity range of 2015-2050 back in 2003, and that looks on target. The 2000 Mouton Rothschild is at its best with about 24-48 hours of decanting. A blend of 86% Cabernet Sauvignon and 14% Merlot, the wine offers a saturated ruby/purple color in addition to reticent but promising aromas of toast, coffee, licorice, creme de cassis, and roasted nuts. Dense, chewy, and backward, with tremendous purity and density in addition to obvious toasty oak, it is full-bodied, powerful, tannic, and backward. Twenty-four to 48 hours of aeration only hints at its ultimate potential. This blockbuster will be exceptionally long-lived</i>	2000	727.00 *
R216	<b>Ch. Pavie Macquin (St. Emilion)</b> <i>Score 95+ Robert Parker: "A wine of great density, concentration, and intensity, the opaque blue/purple 2000 Pavie Macquin needs considerable aeration, but with decanting the prodigious bouquet of graphite, camphor, blackberry, blueberry, mineral, coffee, and smoky oak finally makes an appearance. Persuasive, expansive, full-bodied, and muscular, this enormously endowed, rich wine looks set for a long life, at least three decades. A terrific effort that rivals the compelling 1998. Anticipated maturity: 2010-2030+</i>	2000	191.00 *
R219	<b>Ch. Canon (St. Emilion)</b> <i>Score 90 Robert Parker: "This elegant St.-Emilion has filled out nicely over the last decade. From barrel and post-bottling, I thought it might turn out austere, but that does not appear to be the case. It offers a deep ruby/purple color as well as copious aromas of black cherries, crushed rocks, and earthy undertones. While not a blockbuster, it is beautifully balanced and pure, revealing slightly more depth and richness than I expected. Best drinking 2010-2025"</i>	2000	165.00 *
R166	<b>Ch. Belgrave Grand Cru Classé (Haut-Medoc)</b> <i>Decanter: 4 out of 5 points: Matured in oak barrels for 15-18 months, good extraction of fruit with spicy notes and fine toast. R234	<b>Ch. Grand-Puy-Lacoste (Pauillac)</b> <i>Robert Parker: "A deep ruby/purple-tinged color is followed by a moderately intense bouquet of black currants and underbrush. It hits the palate with good fruit and medium body, but tails off in the finish. It is an elegant, lighter-styled example of this generally high-class performer. It can be consumed over the next 10-12 years." Best drinking 2006-2018</i>	2003	100.00 *
R238	<b>Ch. Bright fresh red raspberry fruit compliments low-toned rich, roasted meatiness with the mediation of those mineral notes, and this finishes with sustained, strong, lip-smacking savor and a dynamic, Riesling-like interplay of fruit and mineral elements. The structure here is sinewy but the texture seamless. This will probably be even better in a couple of years and be worth following for the better part of a decade. W79 Ch. Graille Lacoste (Graves) 2008 41.00

*Bright, clean and refreshing with citrus fruit on the palate, infused with a bright crystalline mineral edge. Gobs of texture in spite of the crispness of fruit.*

### Burgundy

Chablis produces white wines made from the Chardonnay grape. These are classified (in descending order of quality) as Grand Cru, Premier Cru, Chablis and Petit Chablis. With an aroma reminiscent of wet stones, Chablis derives its uniqueness from the chalk soil in which the vines are grown. Unlike white Burgundy from the Côte d'Or, Chablis is typically lean and zesty. Not all Chablis wines are aged in oak.

W202 J. Drouhin Laforet Bourgogne Chardonnay (Chablis) 2008 36.00

*Laforet Bourgogne Chardonnay from Maison Joseph DROUHIN is made from 100 % Chardonnay grapes, picked by hand, coming from all over Burgundy. It derives its bouquet and taste from various "terroirs"; its general character from Mâcon, its crispy structure from Chablis, its body from Rully, Chassagne and Puligny-Montrachet depending on certain vintages, and its overall nascent complexity from the young vines of Joseph Drouhin's own "Crus". The Laforet Burgundy white is an aromatic wine, with robust flavors and fruit, recalling the fresh grape and the green almond. "Fruity and full of life. This is a classical white Burgundy and a good entry level wine for Burgundy in general. The colour is golden yellow, with a greenish glint. The aromas are reminiscent of fresh grape and green almond. Elegant texture".*

There is just a touch of lemon on the finish, but that resolves quite quickly. It will be interesting to see where this goes and I suspect it will improve notably - it showed better in Portugal. It is a bit closed now. The evidence suggests that these have no problem holding well for several years and this will become far more expressive in the next year or two. Drink now-2019. Score - 91. **PORT, SHERRY & MADEIRA****PORT**

Port is a fortified wine made in Portugal from various grape varieties grown in the Douro valley. Brandy is added to halt fermentation at a point where sufficient natural sugar remains to give the wine its characteristic sweetness. There are many different types of port. Vintage port is wine of an exceptional year, kept in cask for two or three years, then matured in bottles. Late Bottled Vintage (LBV) ports are generally the produce of a single vintage. They are left in wood for four to six years, then fined and filtered before bottling. Ruby port, generally a blend of wines of different vintages, is stored in wood and bottled before it loses its clear, red color. Vintage Character port is essentially premium ruby port. Tawny port remains longer in the cask, losing some color and alcohol. Colheita is a tawny port from a single vintage. Crusted port is vintage or ruby port kept in bottles until it has formed a crust-like sediment. Single Quinta Ports are made in both tawny and vintage styles but with the distinction that they come from only one vineyard. White port is a sweet, amber-coloured port that is delicious served chilled as an aperitif.

**SHERRY**

Sherry is a fortified wine that comes from white grapes that are grown near the town of Jerez de la Frontera in Andalusia, Spain. Sherry is produced in a variety of dry styles made primarily from the Palomino grape, ranging from light versions similar to white table wine, such as Manzanilla and Fino, to darker and heavier versions that have been allowed to oxidise as they age in barrel, such as Amontillado and Oloroso. Sweet dessert wines are also made, from Pedro Ximinez or Moscatel grapes, and are sometimes blended with Palomino-based Sherries.

**MADEIRA**

Madeira is a fortified wine that comes from an island off the northwest coast of Africa of the same name. Originally it was naturally oxidized as a result of ageing on shipboard. This process, which produces strong, rich wines, is now undertaken in heated buildings called "estufas," Madeira ranges from very sweet (Malmsey) to medium sweet (Bual) to rather dry (Verdelho and Sercial).
